RE: Permanent Closure of Underground Storage Tank at
Washington State Military Department, Toppenish, WA,
Facility ID #4-260103

Dear Mr. Arnold:

The U.S. Environmental Protection Agency (EPA) received your Completion of Underground Storage Tank Removal/Closure form for the fuel tank at the Washington State Military Department located at 326 Division Street, Toppenish, Washington 98948.

Based on the information submitted, EPA has determined that closure of your tank appears to conform to the permanent closure requirements stated in 40 C.F.R. §§ 280.71 and 280.72, and that existing soil and water appear to meet the Washington State cleanup levels for required petroleum releases. We are therefore closing the file for this tank.

If you need additional information regarding this issue, please call me at (206) 553-2580.

Sincerely,

Katherine M. Holt
